REAL NAMES

The real name of "DSK" JSC is Allami Takarekpenztar

The real name of POSCHENSKA JSC is Ταχυδρομική Τράπεζα

The real name of UBB JSC is Ευωμένη Βλγική Ελληνική Ισραελινή Τάράκη; United Belgian Greek Israeli Bank; בניקי ישראלי היווני הבלגי המאוחד ; in Bulgarian with the aim of concealing the truth about the united bank in a nutshell.

It turns out that UBB, the so-called "bank", is really united in "Bulgaria" with one, single goal.

"BANK" IN GREEK - TABLE

At the Bulgarian "table" of BNB JSC there is a long history against "Bulgaria" 1878-1992 Affair, Zadruga and Cartel.

What is the presence of bank swindlers in the BNB JSC cartel? The illegal and anti-social manifestation as an organized crime group began back in 1879. The birth of the "National Bank" because of an occupation fund, Bulgarian skins were sued for thefts with three bankruptcies with the export of gold, always in the center the same "bank" with the same results, for example, the daring theft of 1000:1 savings, and so on until 1992, when suddenly the loss of legality did not legitimize the illegal presence of banks in a missing "state"!

There are no legal, legitimate banks in "Bulgaria"!

After 1992, there is no country with the name "Bulgaria" on the Balkan Peninsula!

There are illegal forms of organized crime banditry with daring thefts of resources from the National Wealth!

Without legitimacy after 1992, the BNB is - An illegal entity, unlawful and with criminal actions, despite the suggestion of a building fund and consumables, this does not legitimize anything!

Television doesn't legalize anything either!

The lack of legal authority after 1992 leads to Illegal, Illegitimate and Criminal with its forms of organized crime banditry, on top of that the same BNB after 2005 became a Joint Stock Company after the Coup d'Etat, already explained!

The presence of well-known, international swindlers in the "Bulgarian banks" - the so-called forms of the organized crime group - has been noted, and front persons with crypto Bulgarian names have been added in a deliberate disorder to hide the fact that the "Bulgarian banks" are 99% foreign property!

The so-called "Bulgarian banks" audited by Sovereign are 99% foreign-owned!

This fact is hidden along the chain of power by the power dependent on the monetary masses of the banking oligarchy, as part of the international cartel in "Bulgaria", noticed by Sovereign, which is unacceptable!

PIG LINK .

The authorities have their hands tied because the monthly revenues come through the chain of the BNB JSC illegal financial structure, examined in detail and shown as a "pig connection" or to feed the pig of the authorities!

Thus, in "Bulgaria" it is not possible to officially condemn or discuss bank banditry, which would immediately deprive the Hungry Pig chain of income.

Sovereign's claim is justified and minimal compared to the damage caused by BNB JSC to the company of what is essentially a mafia in the "state" for a missing state after 1992 nor a corporation after 2005!

Let's not forget that a coup d'état was carried out in 2005!

The illegal forms of "banking" banditry do something else, while they feed off the "Bulgarian economy" they develop sharp forms of "legislation" from the height of general ignorance or a fraudulent form of communication with the victims!

BNB JSC organizes the relevant registers, appoints staff and "licenses banks" also the credit forms for robbery, sinisterly and mercilessly so in "Bulgaria" the "debtors" are 600K out of 5M people deceived by illegal "banks" in neither a state after 1992 nor a corporation after 2005!

Thus, the entire "state" has suffered from the same place, replacing liabilities (without coverage) for assets, foreign persons capable of this purpose in the "Bulgarian economy" do not have such a place either!

OBLIGATORY

The debtor BNB JSC assumes the burden jointly and severally, together with the debtors to the General Manager of Sovereign in a mirror image, equally for receivable assets as an indivisible burden without fiat (empty) values!

The organized criminal group of BNB JSC owes Sovereign the amount in assets excluding VAT in the amount of BGN 251,988,800 BGL as of January 24, 2025, plus jointly and severally the mirror amount in assets owed by BNB JSC as the initiator, founder and accomplice!

The BNB is liable jointly and severally, mirroring each other.

The debt of BNB JSC, the foreign-owned banking cooperative, covers every possible asset without any limitation on availability, crypto, fiat, gold and precious metals!

The payment of BNB JSC to Sovereign, the transfer, is made at the expense of BNB JSC to a holder chosen by Sovereign abroad!

INFORMED OCG

Every single subject was duly informed about the process throughout, mandatory documents for legal capacity were requested, which were not presented in person!

LICENSE and RIGHT

Legal capacity documents (valid license, valid court registration) were not submitted!

Thus, it turned out that the activities of not only BNB JSC are illegal, outside the legal right to do anything, or criminal in association with interdependent entities, with criminal consciousness!

An inspection was carried out, the affected persons and entities were notified of the inspection at the beginning and end of the process!

The inspection was not a secret.

Based on a checksum, the entities were involved in obligations to the Sovereign!

The subjects would not have been affected if they had not applied their habits in the most inappropriate place!

In this way, based on a control amount, the entities were involved in obligations to the Sovereign in a required amount, which is dynamic and increases reciprocally and constantly.

The absence, the lack of perspective due to the "pork connection" takes the issue abroad to legal arbitrators. The process is transferred to the International Court of Natural Law, the International Criminal Court, the Venice Commission, the European Central Bank, the EU Prosecutor General's Office, shared.

ILLEGAL power.

Illegal, illegitimate, without legitimation (except implied) is the power - Illegal, unlawful and bandit in the same "state" that ended in 1878-1992 or 33 years of illegal power of organized crime groups in "Bulgaria" against Bulgaria, the former "third Bulgarian state".

Illegal, Bandit and Criminal. What do the partisans in "Bulgaria" love after 1944 after 1992 after 2005?

They love illegal movement, movement, banditry and terrorism; they love coups d'état, thefts, dairies with cheese and gold, with money for rainy days.

They love power because without it the illegal movement, the movement in "Bulgaria" will remain hungry.

Europe .

Europe agrees with this scourge if it receives % of the crimes committed because there is nothing else but an illegal government with criminal intentions turned into criminal actions!

Therefore, Europe will not only delay, stop, and block the Sovereign's Statement of 18-21.10.2024, but will continue to create conditions for forms of banditry in the same Europe so that crime is encouraged in the processes of degradation, no matter the direction!

OCG Scammers Outside the Law.

Once again, bank fraudsters of illegal (outside the Law) bandit forms of organized crime called "banks" operating outside the law after 1992, the end of the "third Bulgarian state" 1878-1992, despite the suggestion that there was no state after 1992, but fraudsters exist and they show themselves in a cooperative or conspiracy!

Once again (similar to the so-called "postal" and "Bulgarian" "banks") the real owners of DSK JSC are hidden in a multitude of crypto "Bulgarian names" of IDENTIFIED PERSONS / in service for dividends such as salaries and benefits in collaboration with international bandits.

The so-called DSK JSC "bank" did not provide the requested mandatory (valid) License and valid court Registration, from a legitimate Bulgarian court after 1992, but the suggestion is for a financial form founded in 1999 (which is impossible without an available legitimate judiciary, registration agency) leading to a series of serious, criminal crimes and against the financial system of the previous state with the name "Bulgaria" that existed in the period 1878-1992 or 33 years until 2025 of lawlessness and banditry / despite the arrival in 2024 of Sovereign after 18.10.2024, an acute deficit of legality is visible, in territory owned by the right of Sovereign after 18.10.2024!

This requires once again that the information transmitted in 2024 to the Venice Commission, the European Central Bank, the UN in Geneva, as well as the European Criminal Court, be shared again, as well as developed in substance.

ASSETS OBLIGED

This time, however, the aggressive presence of foreign, illegitimate and illegal banks that do not have a valid banking license (because BNB JSC is an illegal form of financial speculator, already explained) also /do not/ have a valid court registration after 1992 from a legitimate "Bulgarian court" (there was none after the period 1878-1992) - the aggressive presence of financial speculators, whose illegal activity is - illegal, outside the Law after 13.07.1992 Constitution DV56 / these entities, after the inspection carried out by the Sovereign (explained), owe to His Excellency the Chief Manager in My person or H.E. Valeri SR0001670212 (former social status on personal corporate card citizen Valeri

Alexandrov Georgiev) the amount due assets as follows until today - 24.01.2025 reciprocally and solidarily with BNB JSC mirror multiplied collective debt as follows:

UBB JSC due: 20 994 440 (20 MLN. 994X. 440 / 16.01.2025)

POSTAGE JSC due: 5,000,000 (5 MILLION / 10.12.2024)

DSK JSC due: 100,000,000 (100 MILLION / 24.01.2025)

BNB JSC due: 125,994,400 (125 MLN. 994 X. 400 / 24.01.2025)

TOTAL AMOUNT OF DEBT 251 988 800 BGL to Sovereign, General Manager until 24.01.2025

The DEBT declared here is excluding VAT!

SOCIAL STATUS

It should be noted, the remark is that (not only) Valeri Alexandrov Georgiev by Law has moved to a higher level above the corporate power, by status above any power after 1992 in 2025 onwards explained in Annex N2 to Act N1 and stands above every system together with everyone who has this dignity of His/Her Excellencies! / The personal cards of Their Excellencies, do not have functional, biological and social capabilities, to speak with their own voice and to sign under invalid, illegal forms of communication except through abuse, seen as working by their own "rules" and outside the Laws, made "new" ones!

This suggestion, besides being based on psychopathy, is a manifestation of a projection in the brain that controls the somatic illness, of the persons already shown with their place in the chain of organized crime, not against "Bulgaria" - there is no such state - but against the Legal Authority in the same place!

On the territory of the "former third Bulgarian state" that lost its right to the name "Bulgaria" and attributes such as a national flag, state seal and all kinds of powers, there is a completely legitimate state entity - Sovereign!

The statement by date at the UN in Geneva indicates the beginning of the Fourth Bulgarian State!

It is forbidden - everything that aggressive, illegal forms of banditry called "banks" allow themselves against Sovereign or the high-level social status due to the "practice" of robbing the hundreds of thousands of victims of organized crime already on the territory of Sovereign!

The law and the law are on the side of the Sovereign after October 18, 2024.

FICTION, SUGGESTION

The criminal power, after 1992 (2005), creates in every way the suggestion of anything, without the existing right to the weight of power for anything!

The 33-year-old form of banditry has inflicted severe mental traumas of autosuggestion or hypnosis in a session of the criminal, bandit and illegal power for their place in the structure of the new, Fourth Bulgarian State - there is no such place, because it is not provided for!

The suggestion that there is legitimate power besides that of the Sovereign after 1992 after 2024.10.18 enables the illegal form of banditry to invent powers beyond any available rights for such!

SIMILAR TO "POSHTENSKA" AND "UBB" JSC, illegal forms, DSK JSC is also 99% foreign property, found in the "Bulgarian economy" with one purpose, and that is - robbery!

PIG TAIL

Robbery and banditry have become the daily routine of organized crime thanks to the cooperation of the "authorities" directly dependent on the center "BNB" JSC in complicity in the coup d'état carried out in 2005; explained!

The coup plotters by name still have foreign resources and assets, valuables - property of a Sovereign, owner of the territory of the same name with the previous name "Bulgaria" / explained!

Without VAT. The debt of (for now) the three illegal, unlawful and illegitimate forms of coup d'état after 2005 and its accomplices in 2025 as Joint Stock Companies, their debt in the indicated amount, is without VAT because these organized crime companies are commercial brigades charging this tax!

The Joint and Several Debt of BNB JSC (which enabled the illegal, unlawful and illegitimate, criminal act) is in a mirror amount excluding VAT, payable to the General Manager of Sovereign or Valeri SR 0001670212 already explained how and why!

NOTE : The Sovereign has the full right to receive the requested assets from the entities verified by Us!

These entities are illegal and have no legal basis to carry out "banking activities" such as exchanging assets and liabilities, handling financial resources, engaging in interest-bearing debts, tax deductions, registration, persecution, bribery and extortion!

VALIDITY

There is no valid loan agreement (control amount) because there is no valid, legal bank to conclude a legal and valid contract, except to shake the bag with a control amount long ago, which was raised as a Claim against a Hungarian bank 99% Hungarian property, located on the territory of the former Sovereign "Bulgaria" 1878-1992 - under the name "DSK" this fact cannot be ignored!

DSK JSC is on foreign territory, thanks to the Illegal, Illegal (not legitimate) BNB JSC, which enabled the criminal delegation of a foreign invasion after the Coup d'état in 2005, after the 1992.07.13 DV56 1991.07.13 usurpation of power before the Coup d'état, already explained!

Valid contracts after 1992.07.13 cannot be concluded except through fraud for the purpose of robbery!

OPINION - RECOMMENDATION

The Opinion expressed by a Sovereign through a General Manager is by Law - a Recommendation that is mandatory for Implementation, for compliance with a Sanction, for unquestionable Consent!

It turns out that the Illegal, Illegitimate and Unlawful, and without Laws and criminal power in "Bulgaria" the former "third Bulgarian state" ended 33 years ago, - this not only (forbidden see Annex N2 to Act N1 Certificate of His or Her Excellencies) disputes the Opinion of the Sovereign, but also suggests the fiction of agreement with its place, of this Illegal form of (mental) Disease, which place is in no way public among normal people, but only among equal "voivodes" atamans and "generals" by clinical identification, not vice versa suggested!

The gang of fraudsters, based on missing power, invent its religious presence under "laws" outside the Laws, because that's how it can be re-enabled through the BNB JSC. The illegal form of a piggy bank, already explained!

In this way, too, explained, Sovereign does not owe anything to a missing "bank" or TABLE on the Bulgarian state; there are no Contracts concluded with a missing subject without the available Law except the invented one (see above) - in anticipation of the Debt to Sovereign to be paid without objections, so that the debtors are not burdened with a new loss of "dignity" for them, anything between the ears, except earwax!

Whatever, whenever, wherever taken by a Sovereign, has no basis in Law for action except the Sole Right of Unilateral Pleasure, without reverse perspective!

The latest (so far) crime of the so-called DSK JSC is the sending from Greece (a foreign country) of a request, which made the debt of DSK JSC the so-called "state savings bank" or "DSK" JSC UIC in the original Allami Takarekpenztar as a criminal (see above) illegal (see below) form of a pseudo financial entity (actually an organization for theft and banditry similar to BNB JSC) the debt - to be fixed under the Law of Unilateral Satisfaction X 10 so the 10,000,000 owed by DSK JSC jointly with BNB JSC assets to Sovereign, on 01/24/2025 are in the amount of 100,000,000 (100 MILLION) without explanations, without remarks, without alternative except what has already been shown! **BNB** JSC, as the initiator and accomplice in the process, assumes the mirror burden in the amount of 100,000,000 (100 MILLION BGL) without explanations, without remarks, without any alternative except what has already been shown!

The recommendation to the illegal Bulgarian authorities in the person of the security services is to trace the connection from Greece to "Bulgaria" of the cartel (called DSK JSC) to a brigade in Varna (Preslav Str. N69) with proxy Alexandrina Sofronieva, which the brigade sends to a fictitious address Sofia Blvd. "Skobelev" N48 a letter with psychological trauma of personal injury, verbal statement with slander, insult and damage to honor and dignity, which served to send a Report of Claim against the Illegal, Illegitimate and Unlawful "authorities" after the Application sent on 18-21.10.2024 to the UN in Geneva and the International Court of Natural Law for the new, Fourth Bulgarian State / extremely disadvantageous for the judges in Europe, because it is clear that without external consent, banditry in "Bulgaria" is not possible!

This time the Claim is material in assets and tangible in the value system built in human society!

The so-called "agent" of the so-called "bank" DSK JSC, Alexandrina Sofronieva, is without a legitimate, legal and lawful power of attorney and has no legal basis after 1992.07.13 without the available authority of the court registrar, to possess the full power of a missing power except through the suggestion of this!

Neither DSK JSC is a legal form of a Legal Entity, **nor** is Aleksadrina an expression, apart from criminal complicity, of the international (see) banking cartel, already explained, not only for UBB and BRIB The 2011 Report!

That is, the person who received this piece of paper for internal abuse via the freight forwarder Speedy from Greece can use it no more than the actual environment in a symbiosis of scammers with Bulgarian names!

Probably, we are not talking about international terrorism by swindlers in collaboration with their "proxies" in the missing state after 1992!

DSK JSC, however, goes beyond the boundaries of an internal "dispute" even though there is no legal basis for the emergence of anything with Sovereign, on a territory of the same name!

Thus, DSK JSC shows another face, on an external TABLE like every other "Bulgarian bank" enabled by the Joint Stock Company of BNB JSC in the history of "Bulgaria" against Bulgaria until the arrival of SOVEREIGN in 2024 on October 18, after 1879 the so-called "Bulgarian National Bank" was born in connection with the occupation fund and to facilitate the commission of thefts!

BNB **TABLE** shows its character all the time.
